

Monthly Club Activities Report Explanation

Lions Clubs International has developed an *Annual Lions Club Activities Report* (Form A-1) to obtain statistical information on types of activities conducted, volunteer hours, and donations to charitable causes. The A-1 report will be due on June 30 each year for the previous fiscal year; it asks for the yearly total amount of monies donated to charitable causes, and an estimate of volunteer service hours broken down into major categories.

To assist districts in keeping track of this information the State Leadership Committee developed the *Monthly Club Activities Report* form. This will hopefully be a useful tool for the clubs, and will also easily supply information to the district officers that used to be provided by the M&A reports. These forms are available from the Ohio Lions Office, phone: 614-539-5060. And available on the State website as a downloadable form to be printed out.
