

“Beer Tasting” – Come try brews from the region.

“PET – Personal Energy Transportation” – PET is about providing mobility to individuals who cannot walk in the world’s poorest countries.

Presenter: **Lion Tony Winner**

GAT Training – “Global Area Training - Join us to hear about 3 Global Leadership Sessions in 1. Certified Guiding Lions Training, Regional Lions Leadership Institute, and Emerging Lions Leadership Institute. What are they? How do they apply to the everyday Lion? When and if they will happen in our State? And how YOU can join us for these next Leadership Institutes? We'll talk about all 3 and then provide some much-needed information to take back to your club and District to share with your fellow Lions for future reference and attendance at upcoming seminars for these great leadership sessions coming soon in our State!"

**Presenters: PDG Jackie Miller
2VG Tamarra Parker-Stephens**

“Personal Tendencies” – A fun and informative way to learn about ourselves or friends, our foes and why we can or can't get along.

Presenter: **1st VG Dr. Carl Gass**

“Liberty Aviation Museum” – A working museum housing aircraft, vehicles, and historical artifacts in Port Clinton.

Presenter: **Jim Priebe**

“Recruiter Passport” –. Would you like to increase your club's membership? Are you concerned about member satisfaction and keeping your members engaged in your club's activities? Would you like to learn how to "Just Ask"? Come learn about MD13's very own innovative new membership tool! This tool is aimed at encouraging individual Lions to remember why they are proud to be Lions, and is a handy resource for bringing in new members by developing a solid strategy for appealing to prospective members. Come check it out!

Presenter: **2nd VG Tamarra Parker-Stephens**

“2025 State Convention – Helen Keller Centennial Celebration” – Come and learn about the events happening at the State Convention and Cedar Point in May 2025.

Presenter: **PCC Kerry Parker**

“One Person's Junk...Collecting 101” - Delve into the obsessive nature of collecting with CC Mike Kerek. What is collecting vs what is hoarding or just a hobby, when is it too much, what can it do for you, what can you collect, how do you get started, and answers to many other questions about collecting. Current collectors of ANYTHING are welcome to attend and share along with anyone interested in starting their own collections. This is a session for those of us who enjoy the thrill of the hunt, demonstrate excitement of new acquisitions, and have understanding spouses!

Presenter: **CC Mike Kerek**

“Portal Session” - Bring your Laptop, iPad, or Tablet for this hands-on session of working your way through the Lions Portal. Whatever you want to learn about the Portal we'll have several Lions in attendance helping anyone learn their way around this crazy system. We're all in this together, including the folks at LCI. Getting around the system is based on Lions officer title so some Lions can only get so far when trying to input information and this can be some cause for confusion. Join us and we'll help you figure out what you can and can't do when it comes to making your way around the new Lions Portal system.

Presenter: **PDG Jackie Miller**

“Photography” – So you have that smartphone or tablet with you all the time, but do you make the most use of the phone on it? Especially when you are at Lions events? **Bring your phones and tablets** and let's learn how to use them! Hands-on session - phone/tablet taking pictures, posting them and letting everyone know what you, your club, and your District are up to wherever you go! Don't wait until you get home to tell others what you are up to. Let them in on ALL the fun!!"

Presenter: **PDG Jackie Miller**

“Lions Pin Craft” – "Want a fun way to showcase all those Lions pins you've collected? **Bring your pins** and create your unique work of art.

Presenter: **Lion Christina Beargie**

“Roaring Into Lions Technology” - Lions have their own electronic media areas and many of us are challenged to find things we can use to make our club visible. Want to find out how to do things to promote your club and activities to your community? Wish you knew where to go looking for the information you need. If this is you, come on out and join us for an interesting session where you will be able to learn and ask questions about lion’s technology, where to go, etc. **Bring your questions, your tech device be it the phone, computer or tablet** and have a good time expanding your skills! Things change and it is always nice to catch up with our technology. Bring our computer/tablet for this hands-on session.

Presenter: **PDG Ric Houser**

Toledo Botanical Gardens - A museum for plants, Toledo Botanical Garden offers visitors the opportunity to share, discover and enjoy cultivated beauty.

With more than 60 acres of display gardens and relevant plant collections, TBG is a place of tranquility and opportunities for exploration and reflection. It is also a center for the arts and neighbor to two Toledo Public Schools -- Hawkins STEM Academy and Natural Sciences Technology Center -- creating a campus for horticulture, art and education.

Green thumbs come to the Garden to learn more about the varieties of annuals and perennials nestled within the various beds and look for ways to incorporate new ideas into their home landscapes.

Excellent Adventures in Eating – Hear about the food around our state from our two favorite adventurers.

Presenters: PCC Dave Stockum/PDG John Bond

Lighthouse Keepers -

Lion’s 101 – Member Orientation is such an important part of being a satisfied Lion that it really applies to every member, whether seasoned or newly inducted. Come see what Lions International resources are available for you to conduct a successful Member Orientation, and maybe learn some facts that are new to you. Attend, and you will also receive several handouts, including a comprehensive list of commonly used acronyms (decoded), and easily digestible details about why Lions serve, our Global Causes, and the definition of a Zone. Bring your questions, too...Let's have some good discussion

Presenter: **2VG Tamarra Parker-Stephens**

Origami - Come learn basic folding techniques, such as how to make an effective crease and how to maintain symmetry while folding origami models. A demonstration on how to fold a simple but fun origami figure and another slightly more advanced model, if time allows.

Presenter: **Lion Natalio Parker**

GMA – Global Membership Approach - Where there’s a need, there’s a Lion – when our membership grows, our communities grow. Our service strengthens. Our future brightens. The Global Membership Approach provides a process and resources for districts to achieve this growth.

Presenter: **PCC Kerry Parker**

Ohio Department of Natural Resources (ODNR) – Hear about the wildlife and are of Maumee Bay.

Presenter: **Devon Donnelly**
